

INVITATION FOR BID
CITY OF SEDRO-WOOLLEY
2008 CURED-IN-PLACE (CIPP) SEWER
IMPROVEMENT PROJECT

Sealed bid proposals will be received by the City of Sedro-Woolley, at Sedro-Woolley City Hall, 325 Metcalf Street, Sedro-Woolley, Washington, 98264, (360) 855-1661, until 10:00 a.m. on Wednesday, August 20, 2008, and will then and there be opened and publicly read for improvements of approximately 1000 lineal feet of 21-inch and 1150 linear feet of 24-inch diameter cured-in-place pipe (CIPP) sanitary sewer on 3rd Street, Sedro-Woolley, Washington. This work shall consist of rehabilitating deteriorated pipelines by the installation of a resin-impregnated tube which is cured using a heat source under hydrostatic pressure within the tube. This process, which is known as Cured-In-Place Pipe (CIPP), will be seamless, jointless, tight fitting and continuous from manhole to manhole. Existing side services as indicated in the contract documents shall be re-connected to the rehabilitated sanitary sewer line. The following documents form a part of this specification to the extent stated herein and shall be the latest editions thereof. In case of conflicting requirements between this specification and these referenced documents, this specification will govern.

WSDOT Standard Specifications for Road, Bridge, and Municipal Construction, 2008
ASTM F1216 (Rehabilitation of Pipelines by the Inversion and Curing of a Resin-impregnated Tube)
ASTM F1743 (Rehabilitation of Pipelines by Pulled-in-place Installation of a Cured-in-Place Thermosetting Resin Pipe)
ASTM D5813 (Standard specification for Cured-in Place Thermosetting Resin Pipe)
ASTM D790 (Test methods for flexural properties of non-reinforced plastics)
ASTM D2990 (Tensile, Compressive, and Flexural Creep and Creep-Rupture of Plastics)

All work shall be performed in accordance with the Contract Plans, Special Provisions, the Standard Specifications and Standard Plans. All materials, equipment, labor, and other miscellaneous items required to complete the work, shall be furnished by the contractor.

All bid proposals shall be accompanied by a bid proposal deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent (5%) of the amount of such bid proposal. Should the successful bidder fail to enter into such contract and furnish satisfactory performance bond and payment bond both in an amount of 100 percent (100%) of the contract price within the time stated in the specifications, the bid proposal deposit shall be forfeited to the City of Sedro-Woolley. All bidders shall have a contractor's license to work in the State of Washington. Upon award, all bidders and subcontractors shall obtain or provide proof of holding a current *City of Sedro-Woolley Business License*.

Maps, plans, and specifications may be obtained from the City of Sedro-Woolley Engineering Department upon payment in the amount of **\$35.00** for specifications and plan sets. If requesting that plans and specification be express shipped, add **\$16.00** to payment. Plans and Specifications will be available on **July 30, 2008, after 3:00 p.m. at the City of Sedro-Woolley Engineering Department, 325 Metcalf Street, Sedro-Woolley, Washington, 98284**. Informational copies of maps, plans and specifications will be on file for inspection at the City of Sedro-Woolley Engineering Department, 325 Metcalf Street, Sedro-Woolley, Washington 98284.

The City of Sedro-Woolley is an Equal Opportunity and Affirmative Action Employer. Small, Minority- and Women-Owned firms are encouraged to submit bids.

The City of Sedro-Woolley reserves the right, without any liability on our part, to accept a proposal of the bidder submitting the lowest responsible bid, to reject any or all bids, revise or cancel the work to be performed, or do the work otherwise, if the best interest of the City is served thereby.

Written addenda will be issued if clarifications are necessary.

Technical questions relating to this request for quotation are to be directed to Jim Hobbs of Reichhardt & Ebe Engineering, Inc. at (360)855-1713.

Mark Freiberger, P.E., Public Works Director/City Engineer
