Mike Anderson
Mayor

January 17, 2012

Dear Resident,

The City of Sedro-Woolley Public Works Department has determined that conditions warrant the imposition of temporary parking restrictions in your neighborhood. Temporary parking restriction areas will be signed and enforced. In these areas, curbside parking will be prohibited for the duration of the current snow/ice event.

Following are additional details and information on this temporary restriction.

- At the onset of severe weather conditions, information on temporary parking restrictions will be posted on the city website at <http://s-wcity.net/Home/main.htm> under **Important Notices**. These restrictions will primarily impact Portobello, Vecchio, Arezzo and Cascadia.
- Temporary parking restrictions will be signed. **Parking restrictions will be enforced and vehicles parked illegally will be towed away.** This is essential as a single vehicle parked illegally can limit snow removal which can impact an entire street.
- City snow removal operations will plow the currently unoccupied portions of Arezzo Loop and Upper Loop north of Portobello for use as temporary parking. Parking will be available on the east side of both legs of the loop.
- Due to the steep grade and lack of a turn around adequate for the plow truck, **we are not able to plow address range 1504 to 1524 on Vecchio Court.**
- For garbage service see inclement weather at <http://www.ci.sedro-woolley.wa.us/Home/main.htm>.
- Due to manpower limitations, we are unable to clear individual driveways. Contact Public Works if you have special needs and we will attempt to link you with volunteer agencies to assist you. Information is also available on our website.

See the City of Sedro-Woolley Snow and Ice Control Policy on our website at <http://s-wcity.net/Streets/main.htm> for additional information on this topic. Please contact the Sedro-Woolley Public Works Department at 360-855-0771 if you have any questions or comments.

Sincerely,

CITY OF SEDRO-WOOLLEY

Mike Anderson, Mayor
